

# ARCROVER

## 15/22

MAGNETIC  
WELDING  
CARRIAGES

### APPLICATIONS

- / Ship building
- / Rail vehicles
- / Container construction
- / Bridge building
- / Vehicle construction

### OPTIMIZED TRACTION

- / 4-wheel drive
- / Integrated permanent magnet for ideal traction even in vertical position

### BATTERY OR MAINS CABLE POWERED

- / Powerful Li-ion battery
- / External power supply 230 V

### ONBOARD CONTROLLER

- / Intuitive operation of all carriage & oscillation parameters

### TECHNICAL DATA

- / Welding process: MAG
- / Welding position: PA/PB/PC/PF/PG
- / Max. load: 15 kg / 22 kg
- / Max. speed: 150 cm/min  
ArcRover 15: 250 cm/min,  
ArcRover 22: 200 cm/min
- / Mains voltage: 230 V
- / Li-ion battery: 25.4 V
